

Welcome
to a fresh
new you

Medical Aesthetics

Welcome to a fresh new you
The Halo Clinic at Hathaway Medical Centre offers a wide range of non-surgical cosmetic treatments for women and men, tailored to your needs and designed to enhance the way you look and feel.

Our team of medical practitioners are committed to recommending the best treatment programme and advice to ensure you look as good as you feel.

Using state-of-the-art technology, our contemporary clinic in Wiltshire offers a relaxed environment in which to focus on restoring your skin to its natural youthful appearance, without the need for cosmetic surgery.

We look forward to seeing you soon.

welcome

Before any treatment, we like to meet for an initial consultation to discuss your needs before recommending a tailored treatment programme.

We will discuss all aspects of the procedure you are considering including benefits, what to expect before and after as well as costs.

The vast majority of Halo Clinic treatments can be undertaken in the lunch hour. Treatments are non-invasive, side effects are minimal and clients can get on with their normal routines the moment they step out of the door.

In most cases, results can be seen after a few sessions, giving you that younger, healthier look with minimum fuss.

rejuvenate

we can help with

Facial veins and redness

Facial redness, veins, pigmentation and broken or thread veins can be reduced with a few simple treatments. Treatment: intense pulsed light photofacials.

Sun damage

Sun damage to our skin accumulates as we age, resulting in sun spots, pigmentation and fine lines. Treatments: microdermabrasion, photofacials, skin peels.

Rosacea

Rosacea occurs mainly in fair skinned people, particularly those who blush easily. It results in redness on the cheeks, nose, chin or forehead. Treatments: photorejuvenation, intense pulsed light photofacials.

Fine lines and wrinkles

We can help you reduce the signs of age by smoothing out fine lines and wrinkles to give a more youthful appearance. Treatments: Botox™, injectable fillers, Fractional™ laser resurfacing, microdermabrasion.

Acne

Refresh your skin, enjoy a clearer complexion and reduced scarring. Treatments: skin peels, microdermabrasion, Fractional™ laser resurfacing.

Leg thread veins

Comfortable and effective treatments that reduce the signs of thread veins. Treatments: laser, sclerotherapy.

Underarm and palm sweating

Excessive sweating can be treated quickly and safely leaving you comfortable and more confident. Treatment: Botox™.

Permanent hair reduction

Comfortable, fast and convenient for both men and women. Treatable areas: face, shaving bumps, legs, bikini line, underarm, back and stomach. Treatment: intense pulsed light.

Skin pigmentation

Reduce unwanted blemishes, birth marks and pigmentation, for an evenly toned complexion. Treatments: skin peels, microdermabrasion, photorejuvenation.

Lip enhancements

Smooth away lines and increase volume for a naturally enhanced and more appealing look. Treatment: injectable fillers.

Skin tightening

Rejuvenate the skin for a fresher, more youthful skin tone and texture. Treatment: Fractional™ laser resurfacing.

meet the team

All of the treatments offered at Halo Clinic are prescribed by qualified medical practitioners fully registered with the General Medical Council.

Safety and quality is our top priority and we will provide clear and detailed information about all our treatments.

Our staff practice a strict code of ethics ensuring all regulations and standards are fulfilled.
